Based on user feedback, ex-offenders seem to have a good chance of being hired at Chipotle restaurants. The discretion of the hiring manager of each location may play heavily into this.

Working at Chipotle is unlike other quick-serve restaurants. For starters, we make real food. We also provide a clear and easy path to success by rewarding hard work and hiring from within. Working in one of our restaurant jobs, our Crew members learn on the job, and from there we encourage them to grow and advance as far as they want to go, to restaurant manager roles and beyond.

Career Training

Career training programs provide job seekers with the skills and knowledge required for in-demand careers. Each program is custom designed to meet the needs of employers and give job seekers a competitive edge. Trainees participate in comprehensive job skills training, where they are eligible to receive nationally recognized certification. At the completion of training, graduates receive job placement support, many of whom are placed in successful careers within our network of competitive employers.

Our mission is to reduce Maryland's recidivism rate by providing the support and direction needed to obtain vital services post-incarceration.

Individualized case management is the hallmark of our work. Maryland Reentry Resource Center helps those currently and previously impacted by incarceration to successfully regain entry to their communities by assisting participants with alleviating barriers to a successful reentry. This road to reentry is different for everyone. Reentry transition plans may include steps for family reunification, health, and wellness, including mental health needs, substance abuse and addiction treatment, stable housing, transportation, reading and writing services, financial training, continuing education and sustainable employment. Our approach is holistic and multi-faceted. Case managers assess the needs of each client and their families; that information is then used to coordinate services, monitor, and evaluate success and advocate where there are gaps in support coverage.

The Turn About Program provides transitional services to women leaving prison on parole. Women with a substance abuse history enter a 28-day drug abuse program at Tuerk House upon their entrance into TAP, and then continue after-care treatment for another six months. Our TAP clients report to ADI at least three times a week for individual and group counseling, and depending on their personal situations, the women attend GED classes, and parenting and stress management classes. The initial months in the program emphasize recovery, rather than employment. However, the women also attend job development and computer classes throughout their involvement in our program.
