Manchester, NH 03101

The primary mission of the organization is to work with low-income families and the elderly to assist them in their efforts to become or remain financially and socially independent. The Agency accomplished this task by providing a broad array of services that are locally defined, planned and managed.

The agency sponsors and manages seventy-three (73) programs designed to meet the need of children, families, single parents and the elderly. Without the services provided by our agency, many local residents would be without a means to provide for their basic needs including food and shelter.
