Special Considerations - Disability Support

Some people with disabilities are limited in one or more major life activities, such as hearing, seeing, thinking or memory, walking or moving, taking care of personal needs (bathing, feeding, dressing), or living independently. Some disabilities begin at a young age, while others are the result of accidents, injuries or simply growing older. Texas Health and Human Services (HHS) provides a range of these services to Texans with disabilities to help ensure their well-being, dignity and choices. Programs also are in place to support family members who care for them.
