MANAGE YOUR PRECIOUS TIME!

ATTENTION BUDGET Deeply connected to your financial budget!

THIS IS THE FIRST DRAFT! I've included what this one mind of mine could think of; I'd love to hear from you to provide a more accurate range of options!

Steven Covey's great metaphor for managing our time; from his book First Things First:

The world demands your attention! Everyone tries constantly to get your attention. Set boundaries! Make your goals your priority! Slight changes to your path are like a compound-interest investment in your life!

Commit to goals as if they are appointments with your future self. YOU are important. Your goals are important. Goals are proactive, not reactive. Goals help us determine our "no" and our "yes" for investing our time.

All security experts agree: Trust no-one.

- Stay skeptical.
- Turn off cookies.
- Limit tracking as much as possible.
- Don't say anything stupid; don't use hate speech
- Thou shalt not overshare, or share data about friends.
- If the product is free, it means that you are the product.
- Limit your time on each platform (fb, twitter, instagram, et al.)
- Privacy is a myth. Assume if it's on the phone it'll be published.
- Don't live your life online. Take a walk, play a musical instrument, build furniture, live in the real world.

You have to decide what your highest priorities are and have the courage – pleasantly, smilingly, non-apologetically – to say 'no' to other things. And the way to do that is by having a bigger 'yes' burning inside.

- Steven Covey

"Trying to be "safe" while using a "smart" phone is like trying to keep water out of a submarine with a screen door."

"If you join Facebook, you relinquish your privacy."

"When you receive an email from someone that wants to share their fortune with you, do not reply or click on the links!"

You can turn off media, social media, phone, text: YOU set the boundaries. No communication after 8 pm? Sundays? You choose your limit. With your time managed, you can invest time online...time digging for information, learning new things, listening to guided meditations, music and pontificators.

BUDGET SUCCESS by INTENTION: Break the Paycheck-to-Paycheck Cycle!!

Give Every Dollar A Job. Not just the necessities like bills and groceries. You also assign your money to going out, beers, fun stuff, travel – anything you spend your money on, it goes in the budget.

Embrace Your True Expenses. What are often overlooked are the once every year or once every few months spends. Better to save for an emergency fund right now than pay down credit cards or loans.

Roll With The Punches. Everyone overspends. Oh yes they do. Any budget should be flexible enough to deal with overspend

'Age Your Money': pay your bills with money that's been sitting in your bank account for two weeks.

Buy smarter. Cook: buy fresh and bulk foods and eat better! Work a second job. Make a budget. Be unwilling to accept credit card debt; pay cards in full each month or get rid of them. Be honest about your spending habits and adjust them honestly, too.

Special Considerations - Disability Support

Some people with disabilities are limited in one or more major life activities, such as hearing, seeing, thinking or memory, walking or moving, taking care of personal needs (bathing, feeding, dressing), or living independently. Some disabilities begin at a young age, while others are the result of accidents, injuries or simply growing older. Texas Health and Human Services (HHS) provides a range of these services to Texans with disabilities to help ensure their well-being, dignity and choices. Programs also are in place to support family members who care for them.

Interview Tips

Before you head to your interview, ask yourself these questions:

- Do you really want this job?
- Are you qualified for the job?
- Do you believe you can get the job?
- What attitude and information must you deliver to the employer to get the job?
- Are you ready for your interview?

If you decide you really want to get this job, consider these tips:

1. Keep your answers short yet full of information, unless you are asked to clarify. Try to put yourself in the interviewer's shoes; asking the same questions of many applicants! Fine tune your answers to the Sample Interview Questions and bring your authenticity and vitality to the interview.
2. Determine what your key strengths and assets are. Be sure to state them confidently a couple of times throughout the interview.
3. Prepare for a variety of interview questions. Consider the challenges you have overcome, the difficult interpersonal situations that you resolved with others, and several success stories.
4. Describe specific situations and accomplishments. Generalities fail to show the interviewer your strengths and assets and how they can benefit the company and the position that is available.
5. Put yourself on their team. Show how you fit in with the existing work environment and company culture. During the interview, align your language with the language of the team.
6. Observe your non-verbal communication. Are you saying what you mean to say? Practice answering some of the Sample Interview Questions in front of a mirror to see if your eyes and your gestures agree with your words.
7. Ask questions. Is this where you want to work? Find out what you need to know to accept the job. Also, the interviewer will see that you are taking interest in the company and work environment. That is an important quality in a team player.
8. Be sure to talk WITH the interviewer and not AT the interviewer. Interviews are stressful enough for both parties. Keep it human.
9. Research the company. Is it a right fit for you? Can you get behind the mission of the company? How much can you know about the work and the work environment before the interview?
10. Apply for jobs that you are skilled for and that you can appreciate...even if only as a stepping stone to your next job. If you truly want the job, you must be able to compete successfully with your competition. Authenticity shines through your words and your non-verbal communication.
