The Importance of Employment Support
If you or a loved one is impacted by mental illness, a job can be the first step towards improved health, sobriety, and fulfillment. That's why, along with housing, we believe employment should come first. How can you achieve both housing and employment first? Our employment services work alongside other in-house and community services, assisting you wherever you may be on your path to recovery. Just like Housing First, Employment First seeks to remove your barriers while also prioritizing your choice and self-determination. You deserve the opportunity to have a good job, be independent and self-sustaining.
