

Education - Continuing Education

It is the vision of the Ohio Central School System that all inmates of the Department of Rehabilitation and Correction will be provided the necessary academic, job training and social/emotional skills required for successful re-entry to society as effective, participating and productive citizens.

Reentry Resource - Reentry Coalition

Reentry coalitions bring together community members, formerly incarcerated and other stakeholder to change the climate of reentry. The Mid Ohio Reentry Coalition was formed as part of a community based partnership between the local court system, mental health and substance abuse treatment, law enforcement, corrections, human services, business and interested persons. The goal was to create community change for those individuals returning to the community from the prison system and to reduce recidivism.
