Our mission is to reduce Maryland's recidivism rate by providing the support and direction needed to obtain vital services post-incarceration. Individualized case management is the hallmark of our work. Maryland Reentry Resource Center helps those currently and previously impacted by incarceration to successfully regain entry to their communities by assisting participants with alleviating barriers to a successful reentry. This road to reentry is different for everyone. Reentry transition plans may include steps for family reunification, health, and wellness, including mental health needs, substance abuse and addiction treatment, stable housing, transportation, reading and writing services, financial training, continuing education and sustainable employment. Our approach is holistic and multi-faceted. Case managers assess the needs of each client and their families; that information is then used to coordinate services, monitor, and evaluate success and advocate where there are gaps in support coverage.

### Reentry Resource - Programs

The Turn About Program  
2505 N. Charles Street  
Baltimore, MD 21218  
(410) 889-5072

The Turn About Program provides transitional services to women leaving prison on parole. Women with a substance abuse history enter a 28-day drug abuse program at Tuerk House upon their entrance into TAP, and then continue after-care treatment for another six months. Our TAP clients report to ADI at least three times a week for individual and group counseling, and depending on their personal situations, the women attend GED classes, and parenting and stress management classes. The initial months in the program emphasize recovery, rather than employment. However, the women also attend job development and computer classes throughout their involvement in our program.

This pilot program seeks to provide a seamless, comprehensive network of services to ex-offenders to ensure their successful transition from prison to the community. The Bureau of Governmental Research, located at the University of Maryland, is conducting a 2-year multisite evaluation of the Reentry Partnership Initiative.

### **Shelter - Homeless Assistance**

The program incorporates substance abuse and mental health treatment with ancillary interventions, i.e. nursing education, psychiatric consultation/evaluation, medication monitoring, case management and job readiness training, etc. The program experience is designed to empower clients to make choices that will allow them to live safely and independently.

Five Case Managers with diverse backgrounds in counseling, mental health and case management work closely with the clients along with an Addictions Counselor, a Program Coordinator who manages the day-to-day program routine and Resident Assistants who work in shifts to cover the round-the-clock services.
