## Forward

*This handbook can be an important tool. Review all of the programs thoroughly to understand the opportunities available. When these programs are used properly, the benefits will be a minimization of the outside pressures you may be confronted with if released; social acceptance, economics, and re-establishment as a productive member of society.*

*This booklet is a tool for Veterans Incarcerated and their families who wish access to services to support a new and better way of life. Be aware, this guidebook is designed to assist veterans incarcerated in the State of Iowa, and their families, laws do vary from state to state. Therefore, check your state laws and regulations against this guide.*

*To perpetuate the value of this document, we respectfully request that if you discover any incorrect, conflicting, or out-of-date information in this Guidebook, please send the discrepancies to:*

## SECTION I

### USING THIS GUIDE AND SEEKING HELP

This guide is for you to use to plan for your release and to keep as a reference after your release. It includes addresses, phone numbers, and web sites that you can use to find out about programs and other help available after your release. You may want to ask a friend or a family member to help you find the information you need if you don't have a phone or internet access. Keep in mind that **this guide does not include all of the services available**. What is available in one area may be different from what is available in another, so be sure to check with local resources to learn about services in your area.

While you are in prison, contact your correctional counselor about any available re-integration programs. Classes may be offered so you can work on skills development and prepare for life after release. **You don't want to risk homelessness once you are released, so take advantage of the opportunities available to you.**

Begin thinking about what specifically you will need upon release. Ask yourself these kinds of questions: Will I need housing? Will I need medical, substance abuse, or mental health care? Do I need to learn a job skill? Do I have any other legal issues, such as child support? How do I restart my VA checks or Supplemental Security Income (SSI)?

Make a list of your needs. Remember that this is just a tool to help you get organized.

A sample list might look like this:

- I need a place to live.
- I need a job.
- I need clothing to wear to work.
- I need to find out what benefits I can get as a veteran.
- I want to get addictions treatment.
- I owe child support.

Think about your list as you read through this guide. Who do you think can help you with each of your needs? Is there one organization that may be able to work with you on many different things, or do you need to contact several agencies? Keep track of the steps you take, including the dates and names of people you contact for information or assistance. Although this guide provides *national and state* addresses for many organizations, we recommend you **check your phone book for local, county, and state agencies that know what help is available in your area.**

When writing a letter to request information, **be clear.** Keep your letter short, to the point, and write legibly. Include the following information.

- Your name and contact information.
- A brief statement about your current situation.
- Your specific request.
- What you have done so far (Example: I have written to   X   organization and they suggest I contact you).
- Any restrictions for mailings (Example: Mail with staples or paper clips will not be accepted by my prison facility).

When contacting an agency for help by mail, email or phone, **be persistent and polite** in order to get results. Ask questions if information is not clear to you. Remember that many organizations are staffed by volunteers who are eager to help, but may not have the answers you are looking for. If **someone cannot help you, ask about who can.** The internet can also be helpful to find information about VA benefits and community resources in your area. This guide includes web addresses, when available. Ask to use a computer in your facility, or visit the public library after release. Computer access may also be provided at Workforce Development sites.

**Section II** of this guide provides information about assistance for specific needs.

**Section III** covers basic information about seeking VA benefits. At the end is a **Checklist** that summarizes each section of this guide.

## SECTION II

### HELP FOR VETERANS

This section includes resources that can help you get back on your feet. Remember to check the phone book for local, county, and state agencies that know what services are available in the area to assist you. Some organizations may have waiting lists, require an interview, or have specific rules about whom they serve. It is best if you **start asking about services and requirements now**, so that you will be prepared when you are released. You may even ask if your name can be put on a waiting list when you get closer to your release date.

#### TOLL-FREE NUMBERS

Crisis and other toll-free numbers are often listed in the front cover or first few pages of the phone book. You may also want to check under “Social Services” in the blue or yellow pages for hotlines and local numbers.

provided by *government* agencies are listed in the blue pages found near the front of the phone book. ## HOUSING

It is important to know that you have a place to go when released. The first step in returning to the community is finding a place to stay. This section includes ways to locate emergency shelter, transitional programs, and permanent housing assistance. Transitional or temporary housing can serve as a step toward full independence upon your release. However, there are often waiting lists for housing assistance programs, so you should ask about applying as soon as possible. If you are released and find yourself homeless, emergency assistance is available.

### Emergency and Transitional Housing

state, check the **Department of Housing and Urban Development** online at [www.hud.gov/homeless](http://www.hud.gov/homeless).

### **Long-term or Permanent Housing**

Public housing waiting lists can be long, but the length of time can vary from place to place. Even if you are not sure where you want to live yet, apply to get on the waiting list so that you have as many options as possible. To learn how to apply, contact the local housing authority listed in the phone book blue pages under "Local Government, Public Housing Authority".

## **FINDING & KEEPING A JOB**

Finding a job may be hard and can seem overwhelming, but it is possible and very important! When released you may find that you are completely starting over. You should ask for job counseling and training while incarcerated so you are prepared to work when released. **Don't wait** until you get out to start thinking about what you will do. **Start planning now!**

- **Local Veterans Employment Representatives (LVER)** and **Disabled Veterans Outreach Program (DVOP) specialists** assigned by the **Workforce Development** to help veterans find and keep jobs. DVOP Specialists work under the supervision of the LVER to develop job and training opportunities for veterans with service-connected disabilities, linking veterans with employers and making sure follow-up services are provided. To find a LVER or DVOP near you, visit your state employment service office listed in the phone book blue pages under Iowa Workforce Development Center, 1111 East Court Avenue, Des Moines, IA 50319 515-281-9619. They can provide information regarding workforce development in other parts of the state.

- The Veterans Service Division, Iowa Department of Veterans Affairs (IDVA), provides employment and training services to homeless veterans to help them get back into the workforce through DOL-VETS funded **Homeless Veterans' Reintegration Projects (HVRP)**. HVRP assists veterans with job search preparation, vocational counseling, occupational skills training, on-the-job training, trade skills certification and licensing, and job placement assistance and referral to supportive services. To find out if you may be eligible and how to access HVRP contact IDVA at 515-242-5331.

- The VA's **Vocational Rehabilitation and Employment** services help veterans with service-connected disabilities by providing job training and counseling to those who

have an employment handicap. Services include help finding a job, on-the-job training, job development, and vocational training. If you are not eligible for these services, a VA counselor may help you find other options, goals, or programs. Contact your VA Regional Office (VARO) at 1-800-827-1000, [www.va.gov](http://www.va.gov).

- Through its **Veterans Industries and Compensated Work Therapy programs**, the VA offers structured work opportunities and supervised therapeutic housing for at-risk and homeless veterans with physical, mental health and addictions problems. VA contracts with private industry and the public sector for work by these veterans, who learn job skills, re-learn successful work habits, and regain a sense of self-esteem. Veterans are paid for their work and given assistance with employment in the community. In Iowa, the VA currently has Veterans Industries Programs located at VA Central Iowa Health Care System, Knoxville and Des Moines Divisions.

- The State of Iowa has a **Vocational Rehabilitation** program that helps people with disabilities find and keep jobs. Apply for these services immediately after your release. Look in the phone book blue pages under Iowa Department of Education, then "Vocational Rehabilitation," or search the internet for "Vocational Rehabilitation" in your state.

## SECTION III

### SEEKING FEDERAL BENEFITS

The Department of Veterans Affairs publishes a booklet called "**Federal Benefits for Veterans and Their Dependents**" that describes the types of benefits available and lists the addresses and phone numbers for VA facilities nationwide. Write the VA Regional Office (VARO) to request a copy.

**U.S. Dept Of Veterans Affairs - Regional Office Des Moines**  
210 Walnut Street  
Des Moines, IA 50309

Call 1-800-827-1000 or find information about benefits at [www.va.gov](http://www.va.gov).

#### Eligibility for VA Benefits During Incarceration

Veterans incarcerated and incarcerated dependents may apply for the same compensation, dependency and indemnity compensation (DIC) – service connected death benefits – and pension benefits as veterans who are not incarcerated. However, Congress restricts the amount of benefits that may be paid to a veteran or dependent while he or she is incarcerated. These benefits are institutionalized as part of law: 38 U.S.C Sec 5313 (a), 38 C.F.R., Sec. 3.665 (a), (d), which reads as follows:

***If a veteran is incarcerated as the result of a “felony” conviction as defined by law: “Any offense punishable by death or imprisonment for a term exceeding one year, unless specifically categorized as a misdemeanor under the law of the prosecuting jurisdiction.”***

***Then, the amount paid to a veteran incarcerated for a service-connected disability is generally limited by law to the 10 percent disability rate, or half the amount of the ten percent rate if the veteran’s disability rating is 10 percent. (If the veteran is rated before incarceration as 20 percent disabled or higher, he will receive only the amount payable to a 10 percent disabled veteran.) Incarcerated DIC recipients will receive one-half the amount paid to a veteran receiving compensation payments for a 10 percent-rated disability.***

***A veteran may not receive non-service connected VA pension benefits, or any portion of these benefits, while incarcerated for a felony or misdemeanor. However, his family may receive an apportionment of such benefits under the procedure described above. (See 38 C.F.R. Sec.3.666)***

One important requirement for eligibility for VA benefits is that the veteran has to have been issued either an honorable or general discharge, or would have received one if not for re-enlisting. If a veteran had two periods of service, one honorable and the other less than honorable, he may still be eligible for VA benefits based on the honorable period of service.

*VA Medical Care can not be provided to veterans in prison, but VA health facilities may provide care to you after your release. Contact 1-877-222-8387 to find the medical center nearest you.*

## **Benefits Payments While Incarcerated**

There is a 60-day "grace period" following a conviction when you may still receive full benefits. To avoid an overpayment, it is important that you notify the VARO immediately when you go to prison if you are receiving payments. If you do not notify the VA and receive overpayment, you and your family will lose all financial payments until the debt is paid.

*For example, Joe is a veteran who receives a VA pension. He commits a crime, is convicted, and is incarcerated, but doesn't tell the VA right away and keeps getting paid for 6 months. After serving his sentence of 18 months, he is released and applies to the VA to have his pension restarted. He will have an overpayment which must be recovered from the restarted benefits. Until the overpayment is recovered, Joe will have to go without that income.*

Your award for compensation or pension benefits should resume from the date you are released, as long as the VA receives notice of release within one year. Form 21-4193, Notice to Department of Veterans Affairs of Veteran or Beneficiary Incarcerated in Penal Institution, available through your counselors should be completed before release, signed by a prison official and submitted to VA Benefits Administration.

## **Apportionment**

Although legally, the veteran can only receive a portion of the full amount payable for his or her disability rating, the remaining balance may be "apportioned to the individual's dependent family". To apply for apportionment, the veteran must send a letter that identifies the veteran and the apportionment claimant and makes it clear they are requesting an apportionment of his VA benefits to the VA Regional Office (VARO) that has jurisdiction over the veteran's case. VA regulations clearly specify this apportionment amount will only go to family members if they can show financial need for such amount. This applies to the spouse, children, or dependent parents who are involved in the application.

In deciding whether any apportionment is appropriate, the amount of the apportionment, and to whom it will go, the following factors are considered:

- The family member's income and living expenses;
- The amount of compensation available to be apportioned;
- The needs and living expenses of other family members; and
- Special needs of any of the family members.

*For example: a veteran incarcerated rated as 80 percent disability can only receive the amount he or she would get if he or she were 10 percent disabled. However, his or her family may be apportioned up to 70 percent, the difference of the 80 percent rating. (DIC may also be apportioned with similar restrictions.)*

There is a 60-day “grace period” following conviction where the veteran, or Dependency or Indemnity Compensation (DIC) recipient, may still receive full benefits. If the veteran continues to receive benefits after the 60-day period, it will result in an “overpayment”. The VA considers it to be the recipient’s responsibility and fault if this occurs because the recipient failed to notify the VA of his or her incarceration. Attempts to obtain a waiver in these situations of overpayment are often unsuccessful. As a rule, the veteran loses most, if not all, financial benefits until the VA recovers the entire overpayment. It has also been a standard procedure that the family will not be entitled to receive an apportionment until the debt is completely recovered.

For more information concerning VA debt collection rules that may affect the veteran incarcerated, telephone: 1-800-827-1000 and request a Veterans Service Organization representative or, write to a Veterans Service Organization.

One other relevant restriction on veteran’s incarcerated eligibility for service connected disability compensation is that: “No total disability rating based on un-employability, may be assigned to an incarcerated veteran”.

It is important to remember that most VA decisions, including those on apportionment, can be appealed to the Board of Veterans Appeals and, if need be, to the Court of Appeal for Veterans Affairs.

### **Re-starting Benefits at Release**

It is important that each disabled veteran receiving compensation or DIC payments promptly notify the VARO. Regular full benefit payments should begin upon release, providing the VA is notified of the veteran’s release, including placement within a community treatment center or halfway house in the community, within one year of release. VARO needs formal notification from the prison of your release in order to re-start benefits: The sooner that document is provided to VARO, the sooner VARO can begin to process your request.

### **Seeking Help After Release**

If you would like to get benefits or think you have a pending claim before the VA, it is best to get professional help to assist you.

Many Veterans Service Organizations (VSOs) have trained staff who can help you with your VA claim, and can legally represent your claim before the VA. Some also help homeless and at-risk veterans find the support services they need. You can contact any VSO listed in the Guidebook to learn an office near you.

### **Seeking Benefits On Your Own**

Although we encourage you to seek the aid of a service representative, you may choose to apply for VA benefits on your own. Write your local VA Regional Office or find the forms online at: [www.vba.va.gov/pubs/forms1.htm](http://www.vba.va.gov/pubs/forms1.htm). You can also apply for certain benefits online at: <http://vabenefits.vba.va.gov/vonapp/main.asp>.
