- Tenants are generally expected to pay 30 percent of your income for rent.

All Public Housing Authorities Have To Follow These Rules:

- Federal law bans renting to families that include a member who is subject to a lifetime registration requirement under a state's sex offender law.
- Ultimately, the housing authority may deny admission to any applicant.

- Candidates have the chance to explain unique circumstances for their situation in person.

TEMPORARY HOUSING

EX-OFFENDER HALFWAY HOUSES:

- Completing the program is mandatory.
- Length of stay can vary based on type of placement, but is often three to six months.

TRANSITIONAL CONTROL (TC) HALFWAY HOUSE PROGRAMS:

- Inmates are released to a halfway house to complete up to the last 180 days of their sentence.
- Residents are subject to many restrictions, e.g. they can't obtain a driver's license, etc.
- Residents can job search, take classes, etc. to prepare for reentering society.
- Eligibility is determined by the Parole Board well before release.

HALFWAY HOUSES FOR SUBSTANCE ABUSE :

- Most programs require a referral from the court, case manager, parole officer, etc.
- Some residents are released from prison directly to a halfway house program.
- Certain convictions may not qualify.
- There may be a waiting list.

Halfway houses must meet standards set by the American Correctional Association (ACA) and licensing requirements of the Ohio Department of Rehabilitation and Correction.

TRANSITIONAL HOUSING

- Transitional Housing is not considered emergency housing.
- Provides temporary accommodations and supportive services for those with no/very low income.
- Transitional housing programs are often used for people who are homeless.
- People coming from prison are not considered homeless right away.
- Rent and utilities are usually charged at 30 percent of income (or fee lower than most rental units).
- Length of stay differs for each person, but could be up to two years.
- Security deposits might be required.

7. HEALTH CARE, DENTAL CARE and MEDICATION

- It is very important that you can get medical care when you need it.
- Many people pay for medical care with health insurance, which many people get through their work.
- Health insurance is very expensive to pay for on your own.
- People who are low income, disabled, 65 or older may be able to get government health insurance to pay for their health care (Medicaid or Medicare).

If you don't have any health insurance, try the following options:

MEDICAID:

- Medicaid is health insurance paid for by the government.
- People qualify for this insurance with low incomes, 65 years or older, blind, disabled, or are part of a family with one or more children under the age of 18.
- Certain health care providers have agreed to accept Medicaid Insurance.
- When you seek care, always ask if the provider accepts Medicaid.
- Medicaid covers some prescription drugs, doctor visits, hospital care, laboratory and X-rays, medical equipment and supplies, some dental care, mental health (including some prescription medication), vision, alcohol and drug rehabilitation and other services.
- Some services will have small fees that you will have to pay.
- For seniors and those who are disabled, Medicaid may pay for long-term care.

NOTE:

1. You may apply for Medicaid on the day you are released from prison.
2. If you were eligible for Medicaid at the time you entered prison, and you were there for less than 12 months, you will be issued a temporary Medicaid Card (good for 60 days).
3. You must reapply for Medicaid during those 60 days.
4. If you are 65 or older and low-income, or if you have qualified before for Social Security Disability or SSI, you will probably qualify immediately for Medicaid.
5. This program may help pay medical bills dating back three months from your application date.

You can apply for Medicaid at the Summit County Department of Job and Family Services:

Telephone: 330-643-8200

Website: www.summitdjfs.org

MEDICARE:

- Medicare is health insurance paid for by the government.
- People qualify for this insurance if they are age 65 and older, disabled and younger than 65, have worked under the Social Security System or are dependents of someone who has.
- **Medicare (Part A)** provides hospitalization coverage.
- **Medicare (Part B)** provides supplemental insurance for things like doctor's visits.
- **Medicare (Part C) "Medicare Advantage Plans"** are through private companies that also provide Part A and Part B benefits to eligible people; many of these special plans cover prescriptions as well.
- **Medicare (Part D)** offers prescription drug coverage.

Medicare Part A –

- You don't lose Medicare Part A (hospital insurance) when incarcerated, so there is no need to re-enroll when released

Medicare Part B –

- You will only lose your Medicare Part B (Supplemental Insurance) if you stopped paying for it while you were in prison.
- If you stopped paying for Medicare Part B, you will have to re-enroll during the next general enrollment period (January through March) for your coverage to start the following year.
- You may be subject to a higher premium when you re-enroll.

Medicare Part D –

- Medicare offers a subsidy (money) to help pay costs associated with its Part D program.
- People qualify based on income (150% of the Federal Poverty Guidelines or less) and assets,
- May pay part of your premium, deductibles, and/or co-payments for services provided under Part D.
- The amount of help varies depending on income, family size, and your resources.
- Open enrollment for Part D begins October 15.

8. IDENTIFICATION

RELEASE IDENTIFICATION CARD:

- A free, non-replaceable photo ID will be given to you on the day of your release if you have a Social Security number that can be verified by the Social Security Administration.
- The card will include your birth date and Social Security number. You can show this card to the Ohio Bureau of Motor Vehicles as documentation to get a State ID, temporary permit or driver's license. However, you still have to pay the cost of getting the license, permit or State ID.

BIRTH CERTIFICATES:

- A certified (official) birth certificate is a very important document that you should have. It is often required when applying for a State ID, driver's license, marriage license, passport, school enrollment, or to access other benefits. A certified birth certificate will generally have a raised, embossed, impressed or multicolored seal. Non-certified copies are not acceptable for legal purposes.
- Summit County Public Health can provide certified birth certificates for anyone born in the State of Ohio for \$22. If you were born in another state, contact Info Line or the library to help you locate information for the city, county or state you need.
- Services on the Internet such as www.vitalcheck.com can rush delivery (7-10 business days) and can help you get out-of-state birth certificates, but you must pay by credit card and the cost is higher.
- If you are homeless or have very little income, a social service agency may be able to assist. If you are working with a case manager at a particular agency, ask them if they can help with this.
- **Be prepared with the following information to get your birth certificate:**
 - Your full name and your gender
 - Your father's full name (if available)
 - Your mother's maiden name
 - Your month, day, and year of birth
 - Place of birth (city/county/state and name of hospital, if known)

STATE ID (IDENTIFICATION):

- If you do not have a valid driver's license, you can apply for a State ID Card.
- There are two forms of a State ID — temporary and permanent. Make sure you know the status of your driver's license before you apply for a State ID.
- If you have a suspended driver's license and you plan on driving again, ask for a *temporary ID*.
- An application for a *permanent State ID* will cancel out your driver's license. If you get a permanent ID, you'll have to re-take the exam if you want to ever drive again.
- If you have a *Release Identification Card*, you can use this as the only form of identification needed to obtain a State ID.
- If you do not have a Release Identification Card, you'll need two documents such as:
 - A legal I.D. that verifies your name and birth date (like a certified birth certificate or a driver's license that has not been expired for more than six months).
 - A paper that proves your Social Security Number (such as a Social Security Card).
- Summit County has many Bureau of Motor Vehicle locations.

For more information contact:

The Ohio Bureau of Motor Vehicles (BMV):

SOCIAL SECURITY CARD:

- A Social Security number is important because you need it to get a job, open a bank account, get credit, collect benefits, and receive other government services.
- If you are an adult and have never applied for a Social Security Card, you must apply in person at a branch office.
- If you have a Social Security number and just need a replacement card, you can do this by mail or in person.
- This service is free.
- You need certain ORIGINAL documents (or copies "certified by the custodian of record").
- The documents you need depend on your status and what you are requesting.
- Call or visit the website before you apply so you know what documents you need.
- A copy of the application is available on the Social Security website.
- It may take between 10 days to several months to process the application depending on your status.
- A U.S. citizen from Ohio can usually expect the process to take 4-5 weeks.
- Everyone needs to have proof of their Social Security number in order to be employed.

12. **EMPLOYMENT**

AN ORGANIZED JOB SEARCH IS A SUCCESSFUL JOB SEARCH!

Gather all documents that an employer would need to hire you, such as:

- Driver's License or State ID
- Social Security Card and an original (or Certified Copy) of your Birth Certificate
- High School Diploma, College Diploma or GED Certificate
- Vocational Certificates
- Inmate educational record/transcript
- A well written Résumé that is specific to the type of job you want (you might have several résumés)
- A list of three references (names and phone numbers of people who can comment about your work ability—ask permission of them first)
- Type the contact information of your references on a separate page that matches the style of your résumé

NEVER GIVE UP!

- You might feel like you won't (or can't) get a job because of your criminal history, but do not quit trying! Many, many people with felonies/misdemeanors are currently employed.
- You may have to "start at the bottom" because of your felony, but at least you will be growing a new work history.
- Talk to every potential hiring manager in person if possible.
- Let managers know what help you found, and how you've changed since your past mistakes.
- Tell the potential employer that you will show up every day, on time and that you'll work hard.
- Do not disclose your criminal history right away; instead share what skills you have that match the job.
- If you get interviewed, always be honest about your past, and briefly explain how you've transformed your life.

REVIEW YOUR CRIMINAL CONVICTIONS AND YOUR CREDIT REPORT:

Review what you can do to clean up your criminal record and credit report.

- Can you change how you look on paper?
- Find out if you can have a past conviction or arrest expunged/sealed (see "Legal Help").
- Double check your reports, and fix any mistakes (see "Credit Reports").
- If eligible, apply for the Certificate of Qualification for Employment (see "CQE").

UNDERSTAND YOUR RIGHTS WHEN LOOKING FOR A JOB:

- a) It is illegal for employers to post job ads that deny applications to people with criminal convictions.

- b) An employer cannot use your arrest record to deny you a job; only if it led to a conviction.
- c) An employer may review your record of convictions and can consider the relationship between the conviction and the job in deciding whether to employ you. The employer has a lot of freedom when making this decision.
- d) Most employers will get a background check done on job applicants they interview.
- e) If the employer conducts the background check himself, he/she does not need your permission to do it.
- f) When employers ask a third party to do a background check (like a security company), they need to let you know and get your written permission.
- g) If an employer uses anything in that report to deny you a job, you have to be provided with a copy of the report and a period of time to dispute the entries.
- h) There are no specific laws in Ohio that protect you from job discrimination because of your criminal history.
- i) Laws do exist to protect job applicants from discrimination based on race, religion, national origin, sex, age, disability and color (See “EEOC”).
- j) If you think you were passed over for a job, or discriminated against in other ways that have to do with employment, you can file a **Charge of Discrimination**.

To file a charge, contact:

Equal Employment Opportunity Commission (EEOC)

Cleveland Field Office

Anthony J. Celebrezze Federal Building

1240 E. 9th Street, Suite 3001, Cleveland, OH 44199

Telephone: 1-800-669-4000 Website: www.eeoc.gov/field/cleveland/

LEGAL BARRIERS TO EMPLOYMENT:

- Ohio has laws that will not allow people with certain convictions to work in some jobs.
- Legal barriers are often for jobs that involve working with “vulnerable populations” like children and seniors, usually in the areas of childcare, education, law enforcement, nursing and home health care

If you want a career where a professional license is required or helpful (such as a social worker), telephone the State of Ohio board that grants the license to find out if laws prevent people with your conviction before you decide to go into that career.

→ Also, read about the 2013 Ohio legislation: “Certificate of Qualification for Employment” (CQE) that allows state licensing boards to consider granting or reinstating licenses on a case-by-case basis.

COLLATERAL SANCTIONS (Collateral Consequences) of CRIMINAL CONVICTIONS

⇒ *Some career choices are not open to people with certain felony convictions* ⇐

The **CIVICC database** on the internet will allow you to:

1. Review your criminal charge to see the legal barriers you face in addition to the court-imposed sentence.
2. Look up rights or privileges of Ohio citizens, and find out what types of criminal convictions might block a convicted person from enjoying them.
3. Search for all the “legal side effects” of a certain type of felony, such as all the barriers to employment in a particular field.

If you have questions about fair labor practices such as how much you are being paid, working overtime or being fired, contact:

GET BONDED:

- FREE federal fidelity bonding program may help you get a job.
- The fidelity bond is a short-term insurance policy for the employer.
- In the case of damage or theft, the employer will be paid back by the insurance company
- Tell employers about this benefit when you are job searching
- You have to have a job offer for permanent work of at least 30 hours per week to qualify.
- Coverage is up to \$5,000 for six months.

WORK OPPORTUNITY TAX CREDIT (WOTC):

- The WOTC is a tax credit for the employer.
- Employer can get as much as a \$2,400 tax break for hiring someone with a criminal history.
- Tell employers about this benefit when you are job searching
- After the start-to-work date, the employer completes specific paperwork to qualify.

CERTIFICATE OF QUALIFICATION FOR EMPLOYMENT (CQE):

- Employers sometimes don't want to hire people with criminal convictions, because they fear being sued for negligent hiring. The CQE solves that concern!

- Jobseekers who have finished their court mandated sentencing (1 year for felonies; 6 months for misdemeanors), may be eligible to apply for Ohio’s Certificate of Qualification for Employment (CQE).
- The CQE is an incentive for employers to hire people with backgrounds, because it provides them with “immunity from negligent hiring” claims
- The CQE also allows state licensing boards to lift restrictions to grant professional licenses/certifications on a case by case basis.
- The CQE can also serve as a strong recommendation for general employment

17. CHILD SUPPORT INFORMATION

Child Support Terms and Tips:

- The parent paying child support is called the **NON-CUSTODIAL PARENT** or **OBLIGOR**.
- The parent receiving child support is called the **CUSTODIAL PARENT** or **OBLIGEE**.
- A **Support Order** tells you how much child support must be paid each month.
- If you have to pay child support, you are still responsible for that amount the whole time you are in prison. The total amount you owe might continue to increase unless payments are being made on your case.
- Notify the **Child Support Enforcement Agency** anytime your address, phone number, or employment changes.
- Paying the amount you owe each month is a big part of being successful on the outside.
- If you are having trouble paying this amount, contact the **Child Support Enforcement Agency** right away.
- You might be able to get your payment changed through a **Support Order Modification** if you qualify.
- Do not pay the custodial parent directly; it will not count, and you will still owe that money.
- If you are more than three months behind in child support, your driver's license could be suspended prior to your incarceration or after your release.
- You could go back to prison for not paying child support.
- The agencies listed on page 46 may help with issues regarding child support.
- If you are the one that is owed child support, contact the **Child Support Enforcement Agency** to see what you can do to start collecting again once you are released.

Support Order Modification: In some cases, you may qualify to get your Support Order changed while you are in prison or right after you get out. If you qualify, the amount you have taken out of your pay each month would be less than the amount in the original order.

Please note:

- This process takes several months.
- Modification does not help with what you already need to pay.
- Your new payment amount would not start until the first day of the month after the modification is approved.

You must qualify for modification under one of the following reasons:

- 36 months have passed since the establishment of the Support Order or the last review process
- Loss of employment for 30 consecutive days or more
- Verified disability
- Incarceration beyond the child's 18th birthday
- 30% change in gross income

- Was your driver’s license suspended because you were behind in child support payments? If you are more than three months behind in your child support payments, your driver’s license can be suspended.

To get your driver’s license back:

- a) Contact your Child Support Enforcement Agency Support Officer to find out how much you owe.
- b) Let them know you want to get your license back.
- c) Once you are told how much you need to pay, it will be noted in your file.
- d) Pay what you owe.
- e) If you don’t pay in cash or money order, it could take up to 10 days to get your license reinstatement form.
- f) Once you have your reinstatement form, you must take it to Ohio Bureau of Motor Vehicles and pay another reinstatement fee there.

21. LEGAL HELP

Upon release, you may find you are in need of general legal aid or specialized legal assistance in the following areas:

Expungement: when certain criminal records can be sealed and do not have to be reported to employers

Clemency: when certain criminal records are dismissed by the Governor of the state

EXPUNGEMENT OF ADULT CRIMINAL RECORDS

- Expungement is the sealing of a criminal record (convictions, acquittals, dismissals, etc.).
- If your record is expunged, you do not have to tell people that you have been convicted, arrested, or charged when you apply for most jobs or housing.
- Expunged convictions can still be seen by certain employers and law enforcement agencies.
- The Expungement process can take 6-8 months. It is up to a judge whether to grant your request.

GETTING HELP WITH EXPUNGEMENT

At the time of printing this booklet, there is help in filing for an Expungement:

You must contact Community Legal Aid Services for assistance with this process. Be prepared to be on hold for around 20 minutes while you wait for assistance:

Telephone: 1-800-998-9454

Website: www.communitylegalaid.org

- Ask about a “Poverty Affidavit” form. This form requests that the court waive the filing fee, which is usually \$50-\$100.
- Make sure you keep a copy of all paperwork that you complete.

ELIGIBILITY FOR EXPUNGEMENT OF CONVICTIONS

- Senate Bill 337 was signed in Ohio in July 2012 and this new legislation is in effect as of January 1, 2013.
- Prior to the bill, Expungement was only for first-time offenses, with some exceptions.
- People who have committed certain crimes are not eligible for Expungement including sexual crimes, first or second degree felonies, crimes committed while armed, felonies involving a minor, convictions with a mandatory prison term, motor vehicle crimes (including DUIs), and violent crimes except for a misdemeanor assault.
- For felony convictions, you must wait at least three years from the time you are off probation, parole, or straight release, and after all court costs and any fines, restitution, or community service have been paid or completed.

- If only court costs are owed (all restitution and fines are paid), you may qualify for Expungement.
- For misdemeanor convictions, you must wait at least one year from the time you were convicted and after all court costs and any fines, restitution, or community service have been paid or completed.

EXPUNGEMENT AND SEALING OF JUVENILE RECORDS

- An application for Expungement is filed in the court where your case was handled.
- In Summit County, it is the Summit County Juvenile Court on Dan Street in Akron.
- Expungement means that your record is destroyed and it is like you never had one.
- Sealing means that your record is “hidden” and that most people/organizations cannot see your record, but there are some exceptions.
- You can apply to have your record expunged at any time after it is sealed.
- After your record has been sealed, it will automatically be expunged after a five year period or upon your 23rd birthday (whichever comes first).
- If you are already 23 when your record is approved to be sealed, it will automatically be expunged.
- You cannot seal records for the following crimes: rape, gross sexual imposition, sexual battery, aggravated murder, and murder.
- It is recommended that you seek assistance from an attorney to tackle this process.
- You must wait two years from the termination of the court order or your unconditional discharge from the Ohio Department of Youth Services to apply.
- There is a fee to file for Expungement.

Reasons to Apply for Expungement:

- If your case was dismissed, or you were found not delinquent.
- If you were found to be delinquent, unruly or a juvenile traffic offender.

ELIGIBILITY FOR SEALING RECORDS OTHER THAN CONVICTIONS

- You do not have to be a first-time offender to get a dismissal, or a “finding of not guilty” (acquittal) sealed from your record.
- There is no waiting period, you can apply right away.
- If you have more than one conviction, the court may not seal the record.
- If you were indicted and the Grand Jury returned a “no bill”, you must wait two years to file.
- If you successfully completed a “Diversion Program”, or a “Treatment in Lieu of Incarceration” program, there is no waiting period.
- If you were arrested and released (no court was involved), you do not need to file for an Expungement or record sealing with the court.
- You can write a letter to the chief of police, or head of the law enforcement agency where you were arrested, to remove or seal your arrest record.
- Whether or not your request is approved is up to the discretion of the chief.

WAIVING COURT COSTS, FINES AND SUPERVISION FEES

- During your sentencing, you had the right to ask a judge to remove the court costs, discretionary fines, and the supervision fee that resulted from your criminal case.
- You cannot request this waiver once you have been sentenced.
- Waiving costs is only available for low-income individuals who cannot afford to pay.
- The judge has the right to say yes or no to your request to wave costs.
- The judge may request that you do community service to pay off your fines and costs.
- You cannot request a waiver of the restitution fees you have to pay your victim, or mandatory fines.

CLEMENCY

“Executive Clemency” is granted by the Governor of Ohio. It means that your charges and conviction are completely dismissed.

- Applications for clemency are processed through the Ohio Parole Board.
- Requests for clemency generally take several months to process.

GETTING HELP WITH CLEMENCY

At the time of printing this booklet, there is help in filing for an application for Executive Clemency:

The Clemency Clinic at the School of Law, University of Akron
Contact Community Legal Aid first: be prepared to be on hold for
around 20 minutes while you wait for assistance:
Telephone: 1-800-998-9454

There are three types of Executive Clemency:

- **A pardon** grants forgiveness of guilt. A pardon does not erase or seal your conviction. If granted, you will get a certificate from the Governor. This certificate may be helpful in getting a job or in other areas. It also reinstates most of your civil rights and privileges. A pardon is generally requested by those who have served their time, are no longer under supervision and are now living crime-free. However, anyone may apply.
- **A commutation** is the reduction of a penalty to one less severe. Commutations are generally requested by inmates serving extremely long minimum or definite sentences.
- **A reprieve** is the temporary postponement of the execution of a sentence. This is rarely used except for inmates sentenced to death. All requests for an application for clemency must be made in writing (email, fax or mail). Submit your name and address along with your request. It will generally take 7-10 days to process/send you an application.

Record of Arrest and Prosecution (RAP Sheet)

Your criminal record may consist of your arrests, convictions and/or other dispositions (such as a dismissal of your case).

Here are a few important things to remember:

You may need to contact several agencies to get complete information and make sure all records are correct.

Be specific:

- Do you need only your arrest records?
- Do you also want to see your dispositions (outcome of your case such as a dismissal)?
- Do you want to see felonies, misdemeanors, or both?
- If you just want to view a detailed record of your felony cases in Summit County, try the Clerk of Courts.
- If you want to make sure all records are correct, some people recommend starting your search with the city in which you were arrested and working your way up through the county.

HOW TO GET YOUR ARREST RECORDS:

- To get a copy of your arrest records, start with the criminal records unit of the police department in which you were arrested.
- In Ohio, your arrest record is public information; anyone who has your name can request it.
- Employers are not allowed to use an **arrest record** to deny you a job (unless it leads to a conviction).
- Arrest records do not show whether the case was dismissed or you were convicted.
- For complete information, contact: the County Clerk of Courts, the State Bureau of Criminal Identification & Investigation, or a private security company.

Summit County Criminal Court Records: To obtain information about your arrests, charges, and convictions, contact:

- For a record of your Ohio felonies that have been reported to the State Attorney General's Office, you can request a civilian background check from the Ohio Bureau of Criminal Identification and Information. To do this, you must go to an agency that has an electronic fingerprint machine.
- Fees vary by location, but are usually around \$45.

- To find a location near you, go to www.ohioattorneygeneral.gov.
- Click on “Services” and then “Background check.”

24. CREDIT REPORTS

- A credit report is a detailed history of how you have paid your bills over the years: e.g. If they were paid on time or were some paid after the due date.
- A credit report will also tell about how you manage your loans and credit. In addition, public information such as bankruptcies and delinquent child support payments are included.
- Landlords, employers (with your permission), and others with legitimate business purposes can get a copy of your report.
- Review your own credit report often, because mistakes can be made on your file.
- Get any errors fixed so that they don't affect your ability to get a job, rent an apartment, buy a home, or get a credit card.
- If you find something that is wrong on your credit report, contact BOTH the company that produced the credit report and the company that provided the original information, so that you can point out the mistakes.
- Generally, if you argue that something was wrong, the credit reporting company must begin to investigate it and make a note in your file, or delete the error within 30 days of receiving your original request.
- They don't have to FIX the error within 30 days, but must let you know that they are working on it.
- Credit reports may include a "credit score," which is a number that is used to predict what kind of a credit risk you are: e.g. The number suggests how much of a risk you are to pay, or to not be able to pay back money, if a bank was to grant you a loan.
- The higher your credit score, the better.
- You may benefit from talking with a credit-counseling agency if you think you need help you managing your credit.

Here are helpful things to know:

- There are three companies (TransUnion, Equifax and Experian) that maintain credit reports and each company may have different information.
- You can get a **FREE copy** of your credit report once every 12 months (ONLY through the Annual Credit Report Request Service).
- Your free copy does not include your credit score.
- You can request all three reports at once so you can compare them, or you can space them out so you can keep track of changes.
- You can't request the same report more than once in a 12-month period.
- If a bank, landlord, or company used a credit report to deny you something, you can get a free copy if you ask for one within 60 days of getting the notice of action.
- The notice of action will give you the name of who to contact to get the free copy.
- You can also get a free copy of your credit score if you are unemployed and intend to apply for employment in the next 60 days, OR if you are receiving social assistance.

25. MONEY/BUDGET TIPS

- Managing your money means paying your bills on time, sticking to a budget, building good credit, and staying out of debt.
- A good credit rating can be a big strength when applying for jobs.

CHECKING AND SAVINGS ACCOUNTS:

- Many employers want their employees to have a bank account so that their paycheck can be put directly in the bank (not a paper check; the transaction is done by computers on-line).
- When you have income, open up a checking account at a bank or credit union.
- Keeping your money in a bank can protect it from being stolen.
- You will receive a Debit Card and blank paper checks that you can use to pay your bills on time.
- Look for a free checking account that has no minimum balance (the amount of money you have to keep in the account to get the service), low initial deposit, and no monthly fees.
- Some banks have “second chance” programs for people who have been turned down for checking accounts before and are listed in ChexSystems (for writing bad checks, having lots of overdrafts, etc.). There may be a minimum amount you need to deposit and other restrictions, but this may be a good option to get a checking account.
- Some nonprofit organizations may help you open an account or help you save.

OPENING A BANK ACCOUNT:

Before you walk into the bank, get organized. You usually need:

- Your first and last name and a home address
- Social Security number
- Driver’s license or State ID
- If your driver’s license or State ID was issued in the last 60 days, you may need another paper that can prove what your home address is: e.g. a pay check stub, recent utility bill, or other official correspondence (SSI, unemployment, etc.) with your name and current address.

BUDGETING:

- A budget is a list of everything you need to spend money on in a month and how much income you get.
- To make a budget, create a list of all the bills you have to pay and the dates they are due.
- Once you get a paycheck, it can be tempting to buy something wonderful for you or your loved ones.
- Think twice, and save the money instead to put towards your budget.

It is hard to not spend more than you have, but these tips can help:

- Don't buy new cars or expensive clothes; there are excellent consignment (used) clothing stores here.
- Don't spend a lot of money going out to eat; ask friends and family to teach you how to cook at home.
- Resist luxury items like cable or satellite television in your first year.
- Be very careful about how many cell phone minutes you use; going over the limit costs a lot.
- Always pay your monthly/weekly bills before spending your income on fun stuff.
- If you are paying your bills by mail, mail them at least one week before the due date.
- Don't pay attention to "grace periods" that might allow for a late payment.
- Practice paying your bills at least a week before they are due.
- Make paying credit cards or bank loans (including car loans) a high priority.
- Not paying your bills on time, can make your credit report numbers sink.
- Keep your landlord happy (or your bank) by always paying your rent or mortgage on time every month.
- Stay up to date on your insurance payments.
- Stay current in paying your utilities to avoid having the electricity, gas, or water turned off.

DEBT:

- If you are having trouble paying your bills, there are agencies that can help you set up a budget.
- Some can work with the companies that you own money to in order to arrange payment plans.
- Sometimes, a gambling problem can cause people to get behind on payments: help is available.

For information about services that can help you with budgeting and debt problems, call Info Line/2-1-1 Summit at "2-1-1" or 1-888-212-5054.

CREDIT:

- When you buy things using "credit," a company gives you a loan to pay for the item.
- You are borrowing someone else's money and agree to pay it back a little at a time.
 - When you get a loan to buy a car, you are using credit.
 - When you buy something at a department store using a credit card, you are using credit.

CREDIT HISTORY:

- It is important to build a good "credit history."
- A credit history is simply a record of how you use/pay back credit over many months and years.
- A good credit history will help a lot if you ever want to get a home loan or a car loan.

- Some people create a bad credit history because they do not pay bills on time.
- Others never create any credit history because they never take loans or use credit cards.
- Without a credit history, it may be hard to get a car, a job, rent, or register for a telephone service.
- You could be turned down for many services, or you may be asked to pay a very high interest rate.
- The interest rate is the amount you are being charged to borrow that money.

Tips on Building a Credit History:

- Before you apply for credit, make sure you have steady income and that you have proof of your income.
- Try to stay at one job and live at one address for as long as you possible.
- Before you apply for a credit card, make sure that the lender reports to a credit bureau. If not, you will not be building your credit history!
- Get a card with NO ANNUAL FEE, if possible.
- Watch out for high interest rates.
- Shop around for the best rates before you decide to apply.
- **READ THE FINE PRINT.**
- If you think you cannot get a credit card on your own, think about getting a co-signer – someone who will be responsible for paying off the card if you don't.
- Open a bank account. This makes you look better to a lender. If you need more information about this, see page 60.
- Only apply for credit cards whose requirements you think you meet; there are usually minimum income requirements.
- Getting turned down a lot looks bad.
- Do not apply for lots of credit cards at once, or obtain more credit cards than you truly need.
- Secured credit cards are a last resort, but are an option.
 - These cards require you to pay a deposit to get the card; the deposit could be a few hundred dollars.
 - If you don't make your payments, you may lose your deposit AND still have to pay your balance.
 - These cards often have fees and higher interest rates.
 - Try to find the lowest fee you can.
 - After a few months of making payments on time on the secured credit card, you may be able to get a regular credit card.

TIPS ON KEEPING GOOD CREDIT:

- To avoid paying a lot of interest, it is best to pay off the balance in full and on time, every month.
 - At the very least, you must pay the minimum payment in full and on time every month.

- Don't pay attention to "grace periods."
- Make it a habit to pay your bill at least a week before the due date.
- If you think you need help understanding your options or you need help managing your credit, contact Info Line, Inc. to ask where you can get help.

IDENTITY THEFT:

- Identity theft is when someone uses your personal information without you knowing. That person pretends to be you when making arrangements with agencies and spending money.
- If you think you are a victim of identity theft, report it to the Federal Trade Commission (FTC). They will tell you how to work with credit bureaus and law enforcement agencies. They can also provide information on preventing identity theft.

INCOME TAXES:

- When you make money, your income needs to be reported to the government.
- A big part of successful reentry is paying your share of taxes to the government.
- Taxes are used to pay for community, state, and federal programs that are intended to benefit society.
- There are federal, state, and local government taxing agencies.
- At the end of each year, most people are required to "file" a tax return with each government.
- Employers have to mail out documents that you will need for your tax returns by January 31st of each year.
- The W2 form is the most common one of these forms.

You may not be required to file certain tax returns if your income is very low or in some other situations. However, you may want to file just to see if you can get some money back that you paid throughout the years towards taxes. This is called a tax refund.

- There are several non-profit organizations that will help you file your taxes for free.
 - These programs will do your taxes for you.
 - They will not force you to file.
 - Many sites offer both paper filing and free electronic filing (E-File) which allows you to receive your refund fast (by direct deposit) in as little as 7-10 days.
 - You need a checking or savings account for direct deposit.

For help finding a program that can help you with free tax preparation site in your area, call Info Line/2-1-1 Summit at "2-1-1" or 1-888-212-5054.

- Be very careful to avoid places that offer you an immediate tax refund.

- These refunds are actually loans called Refund Anticipation Loans (RALs).
- The agency offering RALs charge fees, and might keep as much as half of your refund.
- If your refund is less than they thought, you could owe them money.
- Remember, there are free tax preparation sites available to you, such as BENEFIT BANK locations.

26. REGISTERING TO VOTE

Your vote is important!

- People who have never voted before need to register before they can vote.
- Registration is free.
- Formerly incarcerated people are allowed to vote in the State of Ohio even if they have a felony conviction.
- If you were incarcerated due to a felony conviction, you need to register when you are released, even if you have registered before.
- Anyone who has not voted in recent elections, or who has moved since the time of the last election, will need to telephone the Board of Elections to see if they need to re-register.

TO REGISTER TO VOTE:

- To register your right to vote, you need to meet general requirements for voting:
 - U.S. citizen, age 18 or older on the day of the election.
 - You need the last four digits of your Social Security number, or your driver's license number when filling out the registration paper (this will prevent you from having to send in additional paperwork).
 - You need to register at least 30 days before the election.
 - Voter registration forms are available at libraries, Bureau of Motor Vehicle offices, County Boards of Elections. and other locations.

For more information about voting contact:

27. **SELECTIVE SERVICE REGISTRATION**

- The Selective Service System is the agency of the United States Government that exists to register men who could be asked to help the Military in a time of war or other national crisis. Almost all male U.S. citizens, and male aliens living in the U.S., who are age 18 through 25, are required to register.
- Eligible people are automatically registered when issued a driver's license or State ID.
 - Registration is free.
 - Registration forms are also available at post offices or online (www.sss.gov).
- When someone reaches age 26, they can no longer register.
 - If they were born on or after January 1, 1960 and did not register before they turned 26, they may be ineligible for certain Federal benefits, including U.S. citizenship, job training programs and student financial aid. However, they can still get a driver's license or State ID in the State of Ohio.

-It is important to know that someone who fails to register cannot be denied any benefit if he can show "by a preponderance of evidence".

-That means that you cannot be denied benefits if your failure to register was not knowing and willful.

-The final decision regarding eligibility for programs is made by the agency granting the benefit, not the Selective Service.

-Some agencies may have an appeals process.

- Agencies may ask you to provide an official response from the Selective Service regarding the fact that you did not register before age 26.
- In that case, it is possible to request a "status information" letter.
- You will have to describe what stopped you from registering and provide documents showing periods that you were incarcerated, hospitalized, etc., between your 18th and 26th birthdays.

For more information on Selective Service issues contact:

28. HELP FOR NON-U.S. CITIZENS UPON RELEASE FROM JAIL/PRISON

- If you are not a U.S. citizen, and you have been convicted of certain felonies you might be deported after you have completed your sentence.
- No matter what your criminal offense was, it is extremely important to hire a lawyer who can represent you in the matter of your immigration status.
- You should do this before your release if possible, but definitely as soon as you can.

ACKNOWLEDGEMENTS

Welcome home! This guide was prepared with respect for each person who chooses to live in Summit County after release from incarceration.

- ❖ “Coming Home: A Road Map for Successful Reentry” was developed for you by the Summit County Reentry Network (SCRN). SCRN (*sounds like “plan”*) is made up of non-profit, faith based and government agencies, as well as foundations, local businesses and individuals.
- ❖ In working together, everyone participating in SCRN is dedicated to supporting women and men returning from prison to live and work in Summit County.
- ❖ Special thanks to the SCRN Advocacy and Resource Development Subcommittee for their help in making this book a reality.

This guide is based on the booklet: “Going Home To Stay: A Guide for Successful Reentry”. That year-long project was shared by the Cuyahoga County Office of Reentry and the United Way of Greater Cleveland's “211/First Call for Help”.

That project was supported by the County of Cuyahoga Commissioners, the City of Cleveland, the Ohio Department of Rehabilitation and Corrections, and the United Way of Greater Cleveland.

SCRN greatly appreciates and acknowledges the help of the Cuyahoga County Office of Reentry and the United Way of Greater Cleveland. They kindly granted permission to adapt the “Going Home To Stay: A Guide for Successful Reentry” for use in our own Summit County project.

SCRN would especially like to thank and acknowledge those men and women who, after serving their time in prison and returning to Greater Cleveland to make a successful new life, shared their own stories.

Their own experiences with reentry, the positive and the not so good, served as the road map for designing the Cuyahoga County resource, as well as this guide.

- ❖ Thank you to Info Line, a strong partner of SCRN, for their outstanding work in linking the websites in this booklet to their own extensive database of information for online use.
- ❖ If the details you need are not written on these pages, please telephone Info Line, for more help!
